

VEC SPRING 2024 CONFERENCE

Weathering the Storm: Building a Resilient and Sustainable Environment
May 2, 2024 | Film House at Main Street Landing | Burlington, VT

Join Us As a Sponsor!

The Vermont Environmental Consortium (VEC) is pleased to present our Spring 2024 Conference: **Weathering the Storm: Building a Resilient and Sustainable Environment.**

We have an exciting agenda lined up with utilities, academic institutions, state agencies, nonprofits, consultants, and service providers scheduled to present. Presentations will focus on climate change impacts and response, with an emphasis on local examples and success stories.

Who Should Attend?

Community planners, developers, municipalities, disaster management professionals, geologists and geospatial experts, government officials and policy makers, environmental conservationists, climate scientists, transportation planners, risk management experts, non-governmental organizations, energy sector professionals, and others with a vested interest in building a resilient and sustainable Vermont.

Who Should Sponsor?

Engineering and construction firms, environmental organizations, government agencies, insurance providers, energy companies, utilities, academic institutions, technology providers, consulting firms, construction material suppliers, water management companies, and those who value environmental stewardship and community resilience.
